

CUSTOMISED LIGHTING SCULPTURES

**BRANDVAN
® EGMOND**

Surrounded by an undeniable mystique, the lighting sculptures of William Brand are surprising, intriguing, and captivating, like a good perfume: a unique and precise scent, that longs and seduces and – most important - that becomes a part of an individual's personality, combining with the wearer's skin.

Some of the biggest palaces in the world are lit by us, yet also some of the most intimate rooms in private residences.

BRANDVAN
® **EGMOND**

“My first memories are related to forms and shapes. As a child I was mesmerized by seeing my hands able to create something with paper and pencil, as if I could recreate the world with those simple elements in my hand.”

WILLIAM BRAND, ARCHITECT, SERIAL CREATOR AND FOUNDER
